### Caritas Scholars

The Archdiocese of Chicago, through the Office of Catholic Schools, is coordinating a financial assistance program, the Caritas Scholars Program, in conjunction with the Archdiocese's To Teach Who Christ Is Capital Campaign.

Families enrolling their children in an Archdiocese of Chicago school for the first time in the upcoming fall who demonstrate financial need will receive first priority in consideration for the Caritas Scholars Program. Funds are limited so families are encouraged to fill out an application immediately.

Grants will be committed for three years, assuming the student remains in good standing and continues to demonstrate financial need, based on annual submissions of financial aid forms. Renewals beyond three years will be considered as needed.
